PaySimple

It's Finally Here....

HOA Assessments Payments Now Available For Processing On-Line via The Internet

It's with great pleasure that we announce the implementation of a newly developed on-line payment processing program, allowing for HOA assessments to be paid on-line, via the internet, using a secured web site. Effective Monday October 14th, 2013 the Board of Director's has secured a company that provides on-line payment services as we've grown accustomed to with SmartStreet.

Unfortunately, after several years with SmartStreet, our business relationship was terminated, forcing our Association's Board of Director's to seek out other alternatives with paying HOA assessments on-line via the internet. After several months of researching and speaking to several organizations providing such services, we were able to find an organization which provides such services at a reasonable cost.

The development and set-up process has been underway for several weeks now and as of this month, indicated by the effective date provided above, the Association's Board of Director's has implemented the program, while the Web Master has posted these service on the Association's web site, making it easily accessible to all homeowner's.

PaySimple provides the means of paying HOA assessments on-line, via using a secured web site for all transactions. Homeowner's may elect to use the on-line service to pay HOA assessments as a one-time payment or setting up reoccurring payments. Payment methods include ACH payments (electronic payments) or credit card payments. Homeowner's may still continue to mail payments directly to the Association using the mailing address provided below.

In order to submit HOA assessment payments on-line via the internet, using the new payment processing solution "PaySimple," simply go to the Association's web site at www.BrutonGlen.org and click on the link "HOA Payments" tab. Simply follow the instructions provided, and complete the set-up process. Thank You!
